Professional Summary

Software Engineer with 2 years of experience in designing, developing, and deploying scalable web applications. Skilled in full-stack development, cloud infrastructure, and Agile methodologies. Passionate about building efficient and user-centric software solutions.

Technical Skills

- Languages: Java, Python, JavaScript, SQL
- Frameworks: Spring Boot, React, Node.js, Express
- Tools: Git, Docker, Jenkins, Postman
- Databases: MySQL, MongoDB
- Cloud: AWS (EC2, S3, RDS), Firebase
- Methodologies: Agile, Scrum, Test-Driven Development

Professional Experience

Software Engineer | NovaTech Solutions, San Francisco, CA

June 2023 - Present

- Developed and maintained REST APIs using Spring Boot and MySQL.
- Led the migration of a legacy system to a modern microservices architecture.
- Collaborated with front-end developers to integrate React-based user interfaces.
- Implemented CI/CD pipelines using Jenkins and Docker, reducing deployment time by 40%.
- Worked in an Agile team and participated in daily stand-ups and sprint planning.

Junior Software Developer | BrightApps LLC, Remote

May 2022 - May 2023

- Contributed to the development of an internal dashboard using Node.js and React.
- Designed SQL queries and optimized data retrieval processes.
- Assisted in writing unit and integration tests using JUnit and Mocha.
- Participated in code reviews and maintained documentation for multiple services.

Projects

John Carter - Software Engineer

Email: john.carter@example.com | Phone: +1-555-123-4567 | Location: San Francisco, CA

TaskFlow - Project Management Tool

A web-based project management tool built with React, Spring Boot, and MongoDB. Features include user authentication, real-time notifications, Kanban boards, and team collaboration.

WeatherNow - Real-Time Weather App

Developed a mobile-responsive application using React and OpenWeatherMap API to provide current weather updates based on geolocation.

Education

B.S. in Computer Science, University of California, Berkeley (2018 - 2022)
